

WOL-501 Ethics

Description:

One of the most important facets of the legal profession is the ability to carry out legal duties in an ethical manner. WOL-501 serves as both an Introduction to the Paralegal profession, in general, but also as an introduction to help students develop an understanding of ethical guidelines that cover efforts to regulate the profession in legislatures, courts, bar associations, and paralegal associations. This course also introduces the Legal System and the place paralegals hold in that system. It conveys its main points through thoughtful reading selections, case studies, and multiple opportunities to learn key terms through flashcards.
