

BUS-101 Business Principles and Management

Description:

BUS-101 exposes students to a wide variety of Business topics. Specifically, this course addresses forms of business ownership, management and organization, human resources management, marketing, social media and e-business, information systems, accounting, and finance. Core topics emphasize ethics and social responsibility, small business and entrepreneurship and global issues, while new coverage examines the impact of social media on business, international business, green and socially responsible business, and sustainability.
